# LIMITED REVIEW REPORT OF RIGA SUGAR CO. LIMITED FOR THE QUARTER ENDED 30<sup>th</sup> JUNE, 2016

To, The Board of Directors

We have reviewed the accompanying statement of unaudited financial results of Riga Sugar Co. Limited for the Quarter ended 30<sup>th</sup> June, 2016. This statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review.

We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of interim financial information performed by the independent auditor of the entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

#### NOTES

- (1) Sugar being a seasonal industry, the performance of the company varies from quarter to quarter. Due to off-season there was no production during the quarter.
- (2) After long distress period of depressed sugar prices, it started showing northward direction from beginning of this year which continued in the reporting quarter also. The sugar price during last quarter has improved to a economic level where Industry could afford to make the payment of cane price to farmers timely and can make little margin for which the industry is striving for last 3-4 years. However the government is again contemplating to impose certain restrictions on the sugar sector regarding stock limit on sugar factories, reducing import duty and so on to again bring down the sugar price at uneconomical level to the detrimental of sugar industry and farmers. This is being planned in the name of protecting consumer interest, which in fact would serve the interest of Institutional Beverage and Confectionery industry who are consuming 70% of sugar in country. It is imperative that government should allow the sugar price at economic level in the interest of farmers and sugar industry.
- (3) The above results were reviewed by Audit Committee on 11<sup>th</sup> August, 2016 and approved by the Board of Directors of the Company at their meeting held on 13<sup>th</sup> August, 2016.
